### Extremely long wearing

Liquid Granite and Liquid Terrazzo systems promise durability in both residential and commercial applications. Foot or vehicle traffic will not easily wear this protective surface.

### Easy clean-up

Spend less time on messes. Liquid Granite and Liquid Terrazzo applications ensure quick and easy clean-up using many common household cleaners.

### Low odor available

100% solids or water-based materials offer low-odor applications for sensitive areas. Be sure to specify low-odor for all occupied areas.

### Elegant

Liquid Granite and Liquid Terrazzo come in 16 stock blends allowing for hundreds of variations when color base is varied.

### Low build or high build

At approximately 1/16", our process will not be a trip hazard. If required, higher build systems can be specified to help eliminate substrate imperfections from telegraphing through.

### Versatile

Can be installed over plywood when used in conjunction with Westcoat ALX.

### One day process available

A fast drying two coat system can be installed when one day is all you have. For most installations allow 2-3 days.
